

Heart Space Launch

Heart Space: A Compilation of Prayers and Reflections by Catholic Women of Australia published by the Council for Australian Catholic Women (CACW), was launched in Newcastle late last year by Tracey Edstein, a member of the Project Team and editor of the diocesan magazine *Aurora*. Two local contributors, Loretto Lynch and Carmel Scruton, were special guests at the launch, which was hosted by Patricia Banister, Chair of the CACW. *Heart Space* is the result of an invitation to Catholic women throughout Australia to share their personal prayers and reflections. It is an excellent resource for personal and group reflection and is available from director.opw@catholic.org.au
