

## St Peter's Guys and Dolls Perform

Students of St Peter's Campus, All Saints College, Maitland staged a polished performance of the musical *Guys and Dolls* late in Term 2. The performers brought credit to their teachers and families and were backed by a support crew taking care of choreography, music, stage management, set design, ticketing and publicity.

Principal Michael Blake said, "The energy of the performances, the number of students involved and the talents that our children possess are simply amazing.

"The learning that takes place within classrooms is extremely important at all schools; however, it is often what happens outside the classrooms that gives a school its spirit and soul. Staff and students showed that St Peter's has plenty of both spirit and soul."

Mr Blake paid a particular tribute to "the sacrifice of family time to be there as members of the school community".
