

Sun Smart in Bulahdelah

St Joseph's was recently awarded a grant for \$500 through the Cancer Council's Sunsmart program which encourages students in schools to Slip, Slop, Slap, Slide (on sunglasses) and Seek (shade). The money has been used to purchase 30+ Sunscreen pump packs for the school and a tube for each child. Congratulations to Miss Worthington and Tara Hockings for winning vouchers for new sunglasses. They were voted the most sunsmart staff member and student at our swimming carnival. Our \$500 cheque and Sunsmart Kit was presented to our school today by Colleen Moran from the Cancer Council.

The whole school is pictured with Cancer Council Representative Colleen Moran (left) and Principal Grant Diggins with the \$500 cheque for Cancer Council
