Making the Bible heard since 1817

Dear Diocese of Maitland-Newcastle,

Help us in helping people to interact with the Word of God

The Bible Engagement Survey

This survey on Bible Engagement will help Bible Society put together resources which people can use to engage with their Bible, and get to know God better. Please complete the survey yourself, send it to friends, colleagues, and your church. The more people who complete the survey, the better research we will have to act on!

Why a Survey?

Following on from the *Jesus. All About Life* campaign, Bible Society is making the JAAL website into Australia's leading Bible resource website. We are also developing culturally appropriate Bible Engagement resources to help as many Australians as possible read and engage with God's Word.

Bible Society is concerned, not just that people have a Bible, but that they are able to engage with God's Word. **Will you help us?**

Thank you for taking the time to complete this survey and aid us in helping people engage with God through his Word, the Bible.

God bless,
Bible Society NSW
